

# GRANT PUBLIC SCHOOLS VOLUNTEER AGREEMENT

Thank you very much for offering to work with our students and staff here at Grant Public Schools. It is now mandatory that all school volunteers have a background check before being able to work in our schools. This is a free service provided by the school and it does not require a fingerprint check. The Superintendent's office will do the check online via the Internet Criminal History Access Tool (ICHAT) and the Offender Tracking Information System (OTIS). Once cleared, we will add you to our approved list of volunteers. Please fill out and sign below giving us permission to do this background check.

I am interested in volunteering my time to help Grant Public Schools. I understand that the school will be doing a background check before I can work in the school as a volunteer.
